Honorable Alexander Holtzoff
Judge of the District Court of the United
States for the District of Columbia
Washington, D.C.

Dear Judge Holtzoff:

STATINTL

[REDACTED] who is employed by this Agency, has received notification of his selection as a juror for the District Court of the United States for the District of Columbia, to appear in Criminal Court No. 1 on Tuesday, February 7, 1950.

It is the expressed policy of this Agency to encourage jury service wherever possible, and to request postponements only in those situations where it is manifest that the absence of the individual from his duties will seriously impair Agency operations.

STATINTL

[REDACTED] on the basis of experience, has been assigned to establish and develop a field office. He is now engaged in training a deputy and other assistants, but, at the present time, there is no one capable of fulfilling his duties effectively. It is, therefore, our opinion that the absence of [REDACTED] at this time, would seriously impair the ability of this Agency to complete its scheduled operations.

STATINTL

STATINTL

We, therefore, respectfully request a six months' postponement of [REDACTED] service as a juror.

Sincerely yours,

15/

[REDACTED]
Acting Executive
